

HPC SM-100 Quick Grip Swivel Mirror

Description

It can be difficult for locksmiths to see all the buttons, switches and / or handles that need to be reached to unlock a vehicle, when performing a through-car opening. The HPC SM-100 Quick Grip Swivel Mirror allows locksmiths to have a clear view of the interior of the car.

Features

- Allows locksmiths to have a clear view of the interior when performing a through-car opening
