

ILS Caravan Hitch Lock Without Padlock ILS700

Description

This heavy duty caravan hitch lock from ILS is a practical solution to stop caravans and trailers from being hitched up and stolen and also provides a visual deterrent to thieves. It is easy to fit, particularly due to the 90 degree movement of the locking arms, and it is locked using a padlock (sold separately).

Weather Resistant

Features

- Easy to fit
- Stops caravan or trailer from being hitched up and stolen
