

JACKLOC Pro-5 Lockable Cable Window Lock

Description

The Jackloc Pro-5 cable window restrictors are very versatile and are perfect for home, public and commercial application. Fitted with a five disc locking barrel, they will enhance the security of any building and the safety of any persons within it.

Jackloc cable window restrictors have been applied to many buildings including hotels, local authority buildings, care homes, hospitals, schools, universities and many more. Once fitted, the window restrictors cannot be removed, further increasing the safety, security and reliability of the system.
