

DORMAKABA Simplex 1000 Series 1011 Knob Operated Digital Lock

Description

The weather resistant Simplex 1000 series from dormakaba (formerly known as Kaba) offers users a fully mechanical digital lock solution, eliminating the hassle of frequent battery replacement. The lock can be easily programmed via the 5 pushbutton keypad and does not require the lock to be removed from the door. This knob operated digital lock supports a single access code and can be easily reversed on sight to suit both left and right handed doors. This cost effective access control solution features vandal resistant, solid metal pushbuttons for improved durability.
