

Description

The E-Plex 2000 Powerstar Digital Lock from dormakaba (formerly known as Kaba) is self-powered using their unique PowerStar™ technology. The built in super capacitors will hold a full charge for up to 10 weeks with no activity, making this the perfect choice for remote or rarely used storage facilities.

3 Year Guarantee

Reversible Handing

Features

- Ideal for infrequently visited storage rooms or facilities
- Self powering thanks to Kaba's patented PowerStar™ technology
- Non-handed; field reversible
- Vandal resistant keypad
- No wiring through door
