

LOCKEY 1150 Series Lever Handle Digital Lock With 60mm Latch

Description

This LOCKEY 1150 Series Lever Handle Digital Lock is reversible to suit both left handed and right handed doors with a thickness between 35mm - 55mm. It provides convenient keyless access and is suitable for internal and external use, with a weather resistant satin chrome finish. It has a passage set facility with an anti pick plate. The knobs and handles have slipping clutch to prevent damage when forced and it features teflon coated parts for resistance against natural wear and tear.
