

MILA ProLinea Inline TBT Locking Handle

Description

The ProLinea range of TBT (Tilt Before Turn) handles combine unique design features with operational reliability, enhanced security and durable suited finishes. Manufactured from a high performance zinc alloy, the ProLinea TBT handle range can be used for both tilt first and turn first applications, and is suitable for PVCu, aluminium and timber framing systems.

Features

- Suitable for PVCu, timber & aluminium windows
- Suits most common profile systems
- Ergonomic design (finger grips on lever for comfortable use)
- Edge-to-edge, colour-matched screw cover cap for enhanced aesthetics
- Tested to BS 6375 & BS 7950 standards
- Tilt before turn function
