

PAXTON Net2 Entry VR Single Door Entry Kit

Description

The Paxton Net2 Entry vandal resistant panel can open opportunities at sites where vandal resistant capabilities are a prerequisite. The Net2 Entry VR panel has a market leading IK10 impact rating and is made from marine grade stainless steel to meet the most demanding environments. The kit comes complete with a monitor, a vandal resistant panel and a control unit.

Installation of the Net2 Entry system is simple as the 3 components (external panel, interior monitor and door control unit) auto-detect on set up.

IP55 Ingress Protection Rating
