

SAFEWARE Lever Operated Latch & Hookbolt Twin Spindle - 2 Hook 4 Roller

Description

The SAFEWARE Lever Operated Latch & Hookbolt is a full multipoint lock unit with 2 hooks and 4 rollers. It features a Euro profile centre case with a 16mm faceplate and twin spindle. The unit can be locked by using the lift lever to engage the locking mechanisms, after which a turn of the full cylinder locks it up. One full turn of the key followed by a push down on the lever unlocks the unit.
