

MASTER LOCK LCFW30100 Waterproof Fire Tested 1 Hour Safe

Description

Waterproof safe by Master Lock with ETL verified 1 hour advanced fire protection. This safe has a full-time spring latch seals the unit even when it is unlocked and will protect valuables such as digital media, important documents & jewellery against both fire and water damage. The safe's privacy key lock will prevent the lid from opening in the event of a fire and will protect valuables and documents from prying eyes.

1 Year Guarantee

Supplied With 2 Keys
