

ALPRO 300mm Flush Bolt C/W Guide

Description

Flushbolts are used to facilitate the locking of the inactive leaf of a pair of aluminium, steel or timber doors. Complete with the necessary flushbolt guide and optional spring loaded floor sockets, the flushbolts allow both a secure and aesthetically pleasing locking solution.

3 Year Guarantee

Features

- Flat or radius profiles available
- Spring loaded floor sockets available on request
- Complete with bolt guide
- Silver finish
- Die cast zinc alloy operation mechanism
