

FREEMAN & PARDOE ARROW 325 Size 2-5 Overhead Door Closer

Description

Designed and manufactured in the UK, this overhead door closer from Arrow features both adjustable latching action and closing speed, making this unit well suited for use in hospitals, schools, theatres and residential homes where the occupants may benefit from a slower closing speed. CE marked and Certifire approved, this door closer has been fire tested to BS EN 1634 (part 1) for timber doors up to 120 minutes and steel doors up to 240 minutes. This versatile unit has four power settings and can withstand a maximum door weight of 100Kg.
