

SQUIRE CP40 Series Recodable 40mm Combination Padlock

Description

Convenience and quality is the trademark of the new CP40 range. With its modern design, this padlock answers all your customer needs for a better quality, easy to use combination padlock. The CP40 features a hardened steel 6mm diameter shackle, a 40mm wide die cast alloy lock body with dual compound cover and 4 easy to use spaced wheels. Its unique recodable double locking mechanism offers 10,000 different combinations and has a push button spring opening mechanism for ease of use. This padlock is particularly useful for sheds, lorries, lockers, lockups, tool boxes and storage areas.

10 Year Guarantee
