

SQUIRE CP40S & CP50S All-Weather Combination Padlock

Description

This range of CP40S & CP50S all-weather padlocks from Squire are designed to withstand harsh weather conditions. Featuring a stainless steel shackle and a die cast alloy body this rustproof padlock is finished with a blue dual compound body cover for comfortable handling. It's high resistance to corrosion makes it ideal for coastal areas and is a popular locking solution for boats, sheds, lockers and toolboxes.
