

SQUIRE Vulcan Long Boron Shackle Combination Padlock

Description

The Vulcan range of long shackle padlocks, by premium lock manufacturer Henry Squire & Sons Ltd, are designed to be extremely attack-resistant, featuring a diecast steel body and hardened boron alloy steel shackle. These padlocks are operated by a double locking combination lock with 4 wheels which allows for 10,000 combinations, meaning no keys are required.

Squire are so confident in their padlocks, all security products come with a 10 year guarantee as standard. As well as being highly secure, they also feature an attractive satin chrome body cover, marked with the Squire logo as an assurance of quality.
