

URFIC Easy Click Bathroom Turn and Release

Description

The new Easy Click Bathroom Turn & Release from Urfic has a 52mm diameter and is designed to complement all Urfic Easy Click (with tape) round Lever on Rose handles. A standard bathroom lock or tubular deadbolt is all that is required. This range is so easy to install with minimal fitting time using 3M adhesion so no additional tools are required. They are suitable for internal use and as with all the Urfic Easy Click range, these escutcheons have a 25 year guarantee.
