

Description

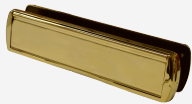

The Greenteq Omega Letterbox features a strong, cushioned closing action to stop rattling and internal brush seals and external Thermo-Plastic Rubber and Polyethylene seals to provide high quality draught and water protection.

Both the inner and outer flaps feature indentations on the lower frame to allow easy finger access and both open to a full 180° to avoid damage from rings or over-stressing the springs.

Features

- Suits 40-80mm mid-rails and composite doors
- All metal frame construction
- Supplied with M6 thru-fix screws or can be surface fixed
- Cushioned closing action
- 180° opening (both sides)
- Nylon brush seal to inside and weather seal to external flap
