

VIDEX VR4K1S/CL Vandal Resistant 1 Way Surface Mounted Audio Kit with Keypad

Description

The Videx VR4K1S/CL is a vandal resistant 1 way surface mounted audio kit complete with keypad, based on the 4000 Series modular design. Up to 3 handsets can be connected to each button, making it ideal for bigger apartments. The VR4K1S/CL incorporates two way speech, an electronic call tone, a lock release facility and three LED's which display the confirmation of call, when the line is busy and when the lock is released. The incorporated keypad can be programmed from 1 to 99 seconds or latching output, and has 2 codes, 2 changeover relay outputs & an override input.

Features

- Incorporates two way speech, electronic call tone & lock release facility
- Lock time: 1-99 seconds or latching
- With keypad
- 1 way
- Surface mounted
- Vandal resistant
