

WINKHAUS AV2 Heritage Auto Locking Lever Operated Latch & Deadbolt 16mm Flat - 2 Hook

Description

This Heritage automatic locking AV2 multipoint lock has a 16mm wide flat faceplate and incorporates 2 hooks, complimenting both traditional period and contemporary doors. It has a protective coating which meets the standards of EN1670:2007 Grade 4, using a low operating force and a high level of weather resistance, and the gearbox has been performance tested to 100,000 cycles.

The Heritage range has been designed to harmonise with the Winkhaus XR6-51 Kitemarke profile cylinder(KM531333) and in combination with a security escutcheon meets PAS24 and the highest TS007 3 star security requirements. Additionally, the range is also Secured by Design (Police approved specification).
