

XPert 8 Inch Vacuum Glass Lifter

Description

The large 8 inch Glass Lifter from Xpert is an ideal solution for safely transporting glass. With an 8 inch rubber vacuum pad and heavy duty ABS handle and frame, this lifter has the special feature of a pump action indicator, which will inform users if additional pumping is required to move the glass safely. It is capable of lifting a maximum weight of 100kg and comes supplied in a compact hardback carry case to protect the rubber pad.

Features

- Pump action indicator
- Heavy duty suction cup lifter to help transport glass safely
- Rubber vacuum pad with 8 inch diameter
- Maximum lifting weight of 100kg
- Heavy duty ABS handle and frame
