

# YALE Smart Lock Remote Fob And Module Kit

## Description

---

The Yale Remote Keyfob and Module Kit gives users the ability to open their door lock with a remote control and is compatible with Yale Conexis L1, Yale Keyless Connecte and Yale Keyfree Connected Smart Door Locks. The Keyfree works with up to five keyfobs at a time, so additional keyfobs are an ideal way to give access to family members or trusted visitors.

Please note: the Keyfree Keyfob will not be compatible to use with Yale Keyfree Locks with Yale or Z-Wave modules installed.

## Features

---

- Locking/unlocking range of 10m
- Open your door using a Remote Fob
- To be used with Keyfree Connected Smart Locks
- Kit includes: 1 x remote control fob and 1 x remote control module
