

YALE YS170 Lever Operated Latch & Hookbolt Split Spindle - 2 Hook 4 Roller

Description

The Yale YS170 is a high quality multipoint locking system that has been designed with security and functionality in mind. This unit features a Euro profile latch & hookbolt centre case, a 16mm faceplate, a split spindle, 2 reverse action hookbolts (for superior anti-lift) and 4 rollers (for a tight, weatherproof seal). For ease of use, the latch can be held or deadlocked by use of a snib.

It is Secured by Design (Police approved specification) and compliant with both the PAS24 and BS6375 standards, the YS170 is a lock that has been built to withstand the elements and comes with 10 year mechanical and security guarantee from Yale as standard.
