

YALE YS170 Lever Operated Euro Profile Passive Lock

Description

The Yale YS170 is a high quality multipoint locking system that has been designed with security and functionality in mind. This non-handed passive unit is suitable for use on the passive leaf of a French patio door and features a Euro profile centre case.

It is Secured by Design (Police approved specification) and compliant with both the PAS24 and BS6375 standards, the YS170 is a lock that has been built to withstand the elements and comes with 10 year mechanical and security guarantee from Yale as standard.
